Welcome to more sustainable travel — where responsibility and hospitality meet At Hilton, we’re committed to sustainable travel and tourism. Our founder, Conrad Hilton, once said, “To achieve big things, you must first dream big dreams.” To mark our 100th anniversary, we followed his spirit and launched bold new goals to cut our environmental footprint in half and double our investment in social impact by 2030. From our operations to our communities and supply chain, we are redefining sustainable travel.
Executive Statement

As we prepare to celebrate Hilton’s milestone 100th year of hospitality, I am struck by our remarkable legacy. Over the last century, we’ve had a positive impact across the globe – what Chip Heath has called The Hilton Effect – serving more than 3 billion guests, employing 10 million Team Members and contributing $1 trillion in economic impact. And as we drive The Hilton Effect forward in this Golden Age of Travel, we depend more than ever on a planet that can continue to support and sustain our growth. That’s why in 2018 we launched ambitious new Travel with Purpose 2030 targets for driving positive social and environmental change on a global scale. Through these targets, we pledge to cut our environmental footprint in half, and double our social impact investment by 2030.

Travel with Purpose is the natural extension of that drive to positively change the world around us, and we take our responsibility seriously. That’s why we are focused on leading the way in ensuring the destinations where our guests live, work and travel are vibrant and resilient for generations to come. Notably, we are the first major hotel company to both set science-based targets to reduce carbon emissions in line with the Paris Climate Agreement, and to commit to sending zero hotel soap to landfill. And importantly, we will double our investment in inclusive growth for all through programs that help women, youth, veterans, refugees and people with disabilities around the world – so that our communities can realize the full economic benefits of travel and tourism. All of this is in line with our pledge to further the United Nations’ 2030 Agenda for Sustainable Development.

It is this robust commitment to our communities that has earned us important recognitions this year, such as:

• Being named as the Industry Leader on the Dow Jones Sustainability Index, North America
• Being recognized as the Most JUST Company in our industry on America’s Top 100 Most JUST companies by Forbes
• Debating as the only hospitality company on FORTUNE’s Change the World List
• Being awarded 2018 Best Corporate Steward by US Chamber of Commerce Foundation

Every day, I wake up inspired, energized and optimistic—because together with all 400,000 Hilton Team Members,* our developers, owners, partners, guests and communities, we truly are making our world a better place.

Together we will drive The Hilton Effect forward into the next century. Thank you for helping us Travel with Purpose.

As one of the world’s largest industries, travel and tourism plays an important role in helping the international community reach the global Sustainable Development Goals (SDGs), adopted by the United Nations in 2015. At Hilton, we launched our Travel with Purpose 2030 Goals to cut our environmental footprint in half and double our investment in social impact across our value chain by 2030, in line with the SDGs objectives and timeline. We defined 23 specific targets under that overarching framework, each of them supporting at least one of the SDGs. This is how we support the global community’s development agenda, and how we redefine sustainable travel.

Hilton is redefining sustainable travel and tourism through our corporate responsibility strategy, Travel with Purpose. Hilton contributes to the achievement of all 17 of the SDGs, however we found through our materiality assessment that we can have the most significant impact on four goals in particular: SDGs 8, 11, 12 and 13. Learn more about how Hilton and the Travel with Purpose 2030 Goals relate to the SDGs below.
