

HILTON AND THE UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS

Hilton

As one of the world's largest industries, travel and tourism plays an important role in helping the international community reach the global Sustainable Development Goals (SDGs), adopted by the United Nations in 2015. At Hilton, we launched our Travel with Purpose 2030 Goals to cut our environmental footprint in half and double our investment in social impact across our value chain by 2030, in line with the SDGs objectives and timeline. We defined 23 specific targets under that overarching framework, each of them supporting at least one of the SDGs. This is how we support the global community's development agenda, and how we redefine sustainable travel.

HILTON'S PRIORITY GOALS

Hilton is redefining sustainable travel and tourism through our corporate responsibility strategy, Travel with Purpose. Hilton contributes to the achievement of all 17 of the SDGs, however we found through our [materiality assessment](#) that we can have the most significant impact on four goals in particular: [SDGs 8, 11, 12 and 13](#). Learn more about how Hilton and the Travel with Purpose 2030 Goals relate to the SDGs below.
